

This job aid provides step-by-step instructions on how to download the JET Mobile App for your device(s).

iOS 9 AND LATER

1. From the phone or tablet browser, type in <https://jm.asmnet.com>.
2. Login to JET Mobile with your Advantage credentials.
3. Tap the **Menu** button.
4. Tap **Get The App**.
5. Tap **Get Latest Version**.
6. A pop up box will appear, tap **Install**.
7. Press the **Home** button on the device and verify the “J” icon shows up and has successfully installed on the device.
8. From the device home screen, tap the “J” icon to launch the JET Mobile App.
9. Tap **Cancel** if a message reading, “Untrusted Enterprise Developer” pops up.
10. Go to the phone's **Settings > General > Profile (for iOS 9.1)** or **Device Management (for 9.2 or iOS 10 > Systemsmith, Inc. > Trust**.
11. From the device home screen, tap the “J” icon to launch the JET Mobile App.
12. Login to JET Mobile with your Advantage credentials.

ANDROID OS

1. Launch the **Google Play Store** App.
2. Search for **JET Mobile**.
3. Select **JET Mobile** from the results list and tap **Install**.
Note: If using an older Android device, install the JET Mobile App for Android 2X/3.X.
4. Once installation is complete, tap the **Open** button, or tap the **Done** button.
5. Find the “J” icon from the Apps list and launch it.
6. Login to JET Mobile with your Advantage credentials.
